University of Limpopo | In Association with Amtronix and GNOTometric
Presenters:

Professor Thomas Hallahan received his B.S. in Communication Disorders from SUNY Geneseo, his M.A. in Audiology from The Ohio State University, his M.Ed. in Administration, Planning and Social Policy from Harvard University, and his Sc.D. in Audiology from Boston University. For the past twelve years, he has been employed as an associate professor at Salem State College (SSC), teaching courses in communication disorders, inclusive education, special education policy, and public speaking for social justice. Additionally, Dr. Hallahan consults on a weekly basis with the Massachusetts' Medicaid program (Mass Health) overseeing their prior authorization process for audiology and hearing aid services. Dr. Hallahan also consults with the Department of Public Health, providing clinical and rehabilitative services to inmates within the state's correctional system. Before coming to SSC, Dr. Hallahan taught for four years at Boston University. He has also been in private audiology practice, served as a public school speech-pathologist, a special education teacher's assistant, and a coordinator for a group home for adults with disabilities.
