

MAY EXAMINATION VENUES 2012

Students are required to take their Telematics examinations at previously approved official examination venues allocated to them at the start of the academic year. **Kindly note that only written requests for changes in examination venues should be directed to the Telematics Student Administration Office.** The cut-off date for requests for changes in venues is **Friday, 20 April 2012**. Also note that requests for changes in examination venues are subject to approval according to the size and availability of the examination venue.

NB: Satellite broadcasting venues and examination venues may differ. Please consult the venue list below.
