

Format of a research investigation report	<i>Formaat van 'n navorsingsonderzoekverslag</i>
<p>Abstract: A summary of the essential research findings and conclusions are stated in not more than 60 words.</p> <p>Title page: The title page consists of the research title, the author's name and the report completion date.</p> <p>Introduction: It starts with a statement/investigative question that make the purpose of the research clear. Sufficient information is provided to establish the importance of the research.</p> <p>Report of the research project: Research findings are presented as graphs and in the student's own words and there is reference to finer detail in tables as part of the appendixes. There is no "cut and paste". Scientific terms and concepts are properly used. Resources used / consulted are quoted. There are no "first person" statements in the report. Demonstrates an effort to produce a professional paper free of grammatical, spelling, typing and scientific errors.</p> <p>Conclusion: The most important research findings are re-stated. The student's final thoughts, conclusions and deductions about the research topic are stated. The student suggests ideas for additional research on the topic.</p> <p>Bibliography A single page bibliography accompanies the research project, internet web sites are quoted properly.</p> <p>Appendix: All relevant diagrams, tables and pictures, also acknowledgements of people and institutions who assisted; a journal/ diary/ timeline, and a concept map or flow diagram that was used to plan the research.</p>	<p>Uittreksel: 'n Opsomming van die belangrikste navorsingsbevindings en gevolgtrekkings word gegee in nie meer as 60 woorde nie.</p> <p>Titelblad: Dit bestaan uit die navorsingstitel, die outeur se naam en die datum wat die verslag voltooi is.</p> <p>Inleiding: Dit begin met 'n stelling of ondersoekende vraag wat die doel van die navorsing duidelik maak. Genoeg inligting word gegee om die belangrikheid van die navorsing duidelik te maak.</p> <p>Verslag van die navorsingsprojek: Navorsingsbevindings word as grafieke en in die leerder se eie woorde aangebied en daar word verwys na die tabelle met meer inligting in die aanhangsels. Daar is geen "cut and paste" nie. Wetenskaplike terme word korrek gebruik. Hulpbronne wat gebruik en gekonsulteer is, word aangehaal. Daar is geen "eerste persoon" stellings in die verslag nie. Dit toon dat moeite gedoen is om 'n professionele produk saam te stel wat nie taal-, spel-, tik- en wetenskaplike foute bevat nie.</p> <p>Gevolgtrekking: Die belangrikste navorsingsresultate word weer gegee. Die finale gedagtes, gevolgtrekkings en afleidings oor die onderwerp word gemaak.</p> <p>Bibliografie: Bewyse van 'n deeglike literatuurstudie word wetenskaplik korrek gegee in 'n enkele blad; internetbronne word korrek aangehaal.</p> <p>Aanhangsels: Alle relevante diagramme, tabelle en foto's, ook erkennings van mense en instansies wat hulp verleen het, 'n joernaal/dagboek/ tydlyn, en konsepkaart of vloeidiagram wat gebruik is om die navorsing te beplan.</p>
