

DIE ROOS

1. In hierdie figuur is daar 25 punte op die sirkel, en elke punt is verbind met elke ander punt op die sirkel. Hoeveel konnekerende lyne is daar altesaam?

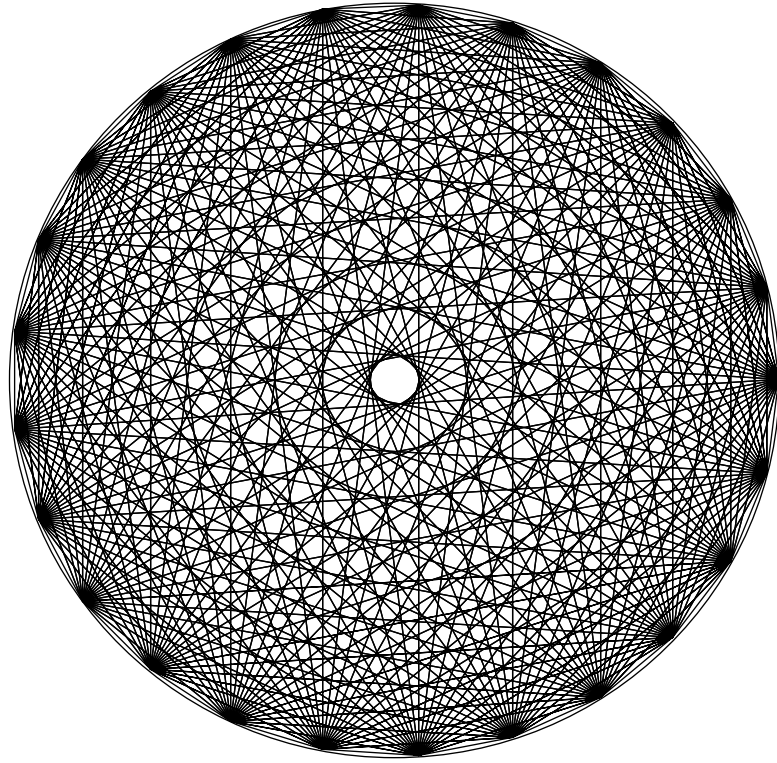

As daar 50 punte op die sirkel is, hoeveel konnekerende lyne is daar altesaam?

En as daar n punte is?

2. In 'n ander sirkel is daar 496 konnekerende lyne. Hoeveel punte is daar op die sirkel?

THE ROSE

1. In this figure, there are 25 points on the circle, and each point is connected to every other point on the circle.
How many connecting lines are there all together?

If there are 50 points on the circle, how many connecting lines are there all together?

And if there are n points?

2. In another circle there are 496 connecting lines. How many points are there on the circle?
