

Research Development Workshop

Friday 5 March 2010

09h00-15h00

“Developing a Research Proposal”

Whether you see it as a problem or a challenge, developing a research proposal is a reality to be embraced for the necessary results in postgraduate studies...! © In this workshop you will be introduced to the process, components and content of a research proposal for a successful thesis or dissertation.

The workshop is conducted by Dr Clint Le Bruyns and takes place in the Hofmeyersaal in the Faculty of Theology, Stellenbosch University (171 Dorp Street, Stellenbosch). Cost R20. Please ensure that you indicate your availability to attend by March 3rd via e-mail (clb@sun.ac.za) as participation is strictly limited. All current and prospective postgraduate students are encouraged to attend. *Those presently working on a research proposal are requested to bring along a copy of their research question and/or proposal.*

For facebook users, you may join the “Research Development Forum” group, and sign up on the “Developing a Research Proposal” event site.
